

# PRIVACY POLICY

In order to respond to the creation of the Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on protection of individuals with regard to the processing of personal data and the free movement of such data, immediately applicable on 25/05/2018, the Storengy SAS implemented a personal data protection policy based on the Engie Group's GDPR Policy.

The General Management of Storengy SAS decided to provide an appropriate organisation and means to respond to regulatory requirements and to make the protection of personal data a commercial asset, in connection with the company's digital strategy.

The policy developed hereinafter may be subject to modification according to the applicable legal and regulatory context.

## 1. FRAME OF REFERENCE

The policy of Storengy SAS in terms of personal data protection refers to the different applicable national and European regulations, which include, in France:

- Regulation (EU) 2016/679 of the European Parliament and of the Council of 27 April 2016 on protection of individuals with regard to the processing of personal data and the free movement of such data (commonly called "General Data Protection Regulation", referred to hereinafter as "the GDPR"), applicable as of 25/05/2018.
- French law no. 678 of 6 January 1978 on Data Files, Data Processing and Individual Liberties ("Loi Informatique et Libertés").

## 2. PRINCIPLES

Personal data collection by Storengy SAS relies on the major principles of personal data protection set out by the GDPR:

- Lawful, loyal and transparent processing of data.
- Determined, explicit and legitimate purposes.
- Accuracy (up-to-date data).
- Limited duration of storage for defined purposes, after which the data must be deleted or rendered anonymous.
- Processing guaranteeing an appropriate level of safety.

## 3. DATA CONCERNED

Storengy undertakes to protect all personal data collected. Personal data correspond with any information regarding an identifiable person (the "Data Subject") who can be identified, directly or indirectly, in particular by reference to an identification number or to one or more factors specific to this person.

Examples of personal data: name, first name, social security number, IP address, email address, consumption data, photo, driving licence, location, medical file, bank accounts, salary, insurances, fingerprint, cookie, etc.  
Personal data are not restricted to data regarding private life (e.g.: professional email address or phone

Although its clients are mainly legal entities (public collectivities, private companies...), Storengy SAS is directly concerned by the issue of personal data. In practice, the Data Subject may be, for instance:
